Huskies Take League Title In 9-8 Eleven-Inning Duel

The Washington Huskies climaxed another perfect season of Santa Clara Valley Athletic League play on the home field yesterday afternoon by downing San Jose Tech 9 to 8 to win their fourth consecutive league pennant.

The Huskies were definitely not in top form yesterday and had to come from behind time and again in the scheduled seven-inning game, which went 11 full innings. Their victory gave them a clean slate of eight wins in as many games of league play this season. San Jose Tech, in second place with but one loss, was hopeful of a victory and to share the pennant with the Huskies.

Sabe "Lefty" Elizarrey, ace hurler who bore the brunt of the pitching duties during the entire season, took the mound yesterday and was troubled with control.

He was relieved in the third inning by little relief hurler Joey Castro, with the score reading 3 for San Jose and 1 for Washington.

Castro, who has seen little action this season, pitched his heart out for the locals and fought his way through inning after inning, winning the acclaim of his teammates and the overflow crowd of spectators.

Coach Irving Hird's lads scored one run in the last of the third but the Tech club stretched their lead to 5-2 in the opening round of the fourth inning.

The Huskies kept plugging away and crowded in another run in their portion of the fourth to make the score 5-3.

The Huskies staged a fifth-inning rally that tied up the score 5-5, with Pat Francis and Ralph Juhl singling and scoring on a balk by Pitcher Canton and an overthrow to third base by Catcher Picone.

Both teams were unable to score in the sixth, seventh and eighth innings.

In the first of the ninth Tech got two men on base and Catcher Picone smashed an out-of-the-park homer that brought them into the Huskies turn at bat with a comfortable 8-5 lead.

Elizarrey walked and advanced to second on Vern Machado's single. Caravalho, pinch-hitting for Ornellas, struck out and Cicairos single to fill the bases. Pat Francis was out on a fielder's choice but Elizarrey scored to make it 8-6. "Whitey" Juhl, hard-hitting left fielder, came up with two outs and two men on bases and singled to score the tying runs.

In the 10th inning little Joey Castro was relieved by Elizarrey, who was called in from his position in center field, after he showed signs of tiring.

The Huskies broke up the endurance match in the last half of the 11th inning by getting two men on base and scoring the winning run on an overthrow to third base on a fielder's choice.

FREITAS HEADS NEW TOWNSHIP CREDIT BUREAU

W. Earl Freitas, assistant cashier at the Centerville Branch of the Bank of America, was named last Friday by the merchants of the township to head the newly organized Washington Township Credit Bureau.

These officers will serve until articles of incorporation are adopted, officially setting up the organization.

The new merchant-owned organization began operations Monday at 104 North Main Street, Centerville.

More than 30 local merchants attended the meeting, along with credit bureau representatives from Hayward and San Jose who promised full cooperation with the local group.

The newly elected president first introduced the plan to the Centerville Chamber of Commerce and it was later referred to the Township Chamber, which gave its endorsement.

USE OF PARKING LOTS APPROVED

The Centerville Chamber of Commerce this week won the cooperation of the Union Sanitary District and the Center Theater in its campaign to encourage off-street parking for merchants and their employees.

The Chamber members were read a letter from the owners of the Center Theater at their meeting Wednesday, offering the free use of the theater parking lot to the business men and their patrons during the day.

Ralph Goodwin, chairman of the parking committee, reported that the directors of the Union Sanitary District had assured him that the district's lot at the corner of Baine and Stevens Streets could also be used as a parking lot.

"If we can encourage the business men, their employees and other all-day parkers to use these facilities it will afford a much greater opportunity for shoppers to find parking space during the day," Goodwin said.

PERMISSION FOR HOG RANCH ASKED COMMISSION

Mike Rammacciotti of Warm Springs this week applied to the Alameda County Planning Commission for permission to operate a hog ranch on the Cushing Road near Warm Springs.

The commission took the matter under advisement for a period of one month, announcing that they had no jurisdiction over the use of the land as it is located in the county unclassified zone, but pointed out that they do have jurisdiction over the dumping of garbage.

Another hearing on the request will be held by the commission on June 20.

BARRICADED INSANE PATIENT NABBED AT HOME IN IRVINGTON

An Irvington ranch hand, recently paroled from the Agnew State Hospital, terrorized residents of Irvington and Hayward last Saturday before he was returned to the hospital.

The sheriff's office was notified about 6:30 a.m. by A. E. Alameda of Irvington that Robert Torres, 28, was barricaded in a shed at the home of his father, Francisco Torres, near Irvington, with a supply of guns and ammunition. Alameda had picked up the elder Torres to report for work that morning and had been told of the youth shooting a gun during the night.

A squad of sheriff's deputies was summoned and surrounded the shed in which the youth slept.

RUSE WORKS

Shortly fefore 8 a.m. the youth was coaxed from the shed by his father, who called to him to come to the house for breakfast. When he stepped from the doorway of the shed he was seized by the officers.

Inside the shed the officers found two new .22 calibre rifles, 19 boxes of rifle shells, two six-inch hunting knives, a bayonet, a 3-foot sabre and several homemade knives. A check by officers revealed that Torres had purchased the two rifles in Milpitas recently.

The youth, who had escaped from the Agnew Hospital numerous times, was secured with restraining straps and taken to the sheriff's sub-station in Hayward.

MAKES ESCAPE

Watching for an opportunity when he was unattended, Torres slipped his bonds, and fled through an open window.

For some five hours Torres roamed about the outskirts of Hayward while a posse of deputies, Hayward police and state highway patrolmen joined the hunt.

He was finally found cowering in a barn, a mile from the sub-station.

Robert Moore, deputy sheriff stationed at Centerville, stated this week that Torres had been paroled to the custody of his family last December.

608 Home Tract Is Planned for Decoto

A request for the approval of a 608-home subdivision near Decoto was filed Tuesday with the Alameda County Planning Commission in Oakland.

The application and tentative map of the new housing unit was submitted by the Middlefield Company of Oakland, owners of the land, and the T. R. Bechtel Company, also of Oakland, subdividers.

The Planning Commission was told that the 608-home unit is but a portion of the subdivision which the two companies may open in that vicinity.

The site of the new subdivision is a 113-acre parcel located between the Niles-Hayward Highway and the Southern Pacific tracks, directly across the highway from Cypress Cemetery.

In addition to the new homes, the tentative map submitted to the commission included plans for a playground area and a commercial district. Should the remaining portions of the large tract be developed the plans would call for a new school building, the commission was informed.

SLIGHT CHANGES MADE

The commission approved the tentative map with the condition that some public agency provide adequate sewage disposal for the homes, that certain drainage features be incorporated and certain block designs be changed.

John Thomas, engineer for the commission, said Wednesday that the company representatives expressed their desire to construct a separate sewer disposal plant for the tract, rather than connect with the present Decoto system.

When the provisions required by the commission have been incorporated into the final map of the tract it will be approved and recorded.

C. K. Dennis, local manager for the Citizens Utilities Company, stated this week that the tract developers had met with him recently to determine if his company could supply water to the new subdivision.

"I assured them that our supply was more than adequate and that we would be happy to extend our lines from Decoto into the new housing unit," Dennis said. He stated that the local company now has water lines within 1500 feet of the subdivision site.

NEW SCHOOL NECESSARY

L. W. Musick, superintendent of the Decoto Elementary School District, said yesterday that the construction of 608 new homes in that district would necessitate the construction of an additional school.

The new Henry Bernard School, now under construction on Whipple Road, is expected to be ready for occupancy at the beginning of the 1950-51 school term but, according to Musick, will not be large enough to accommodate such an increase in enrollment.

"We now have an enrollment of nearly 700 and estimate that the addition of the more than 600 families in our district would boost the enrollment to about 1250," Musick said. He added that the Decoto School Board of Trustees has been aware of the possibility of the new tract for several months and have outlined tentative plans for caring for the increased enrollment.

FARM CENTER PLANS EXHIBITS AT FAIR

Plans for a bigger and better agricultural display at the Alameda County Fair were outlined Tuesday evening by the Washington-Eden Center of the Alameda County Farm Bureau at their meeting held at the high school.

Bruno Orsetti of Centerville was named chairman of a committee to arrange for the participation of local agriculturists and has urged all farmers of this area to contact him to arrange for exhibits.

Richard Johnson Jr., chairman of the local center, announced to the members present at Tuesday's meeting that all agriculture exhibits at the fair this year will be under the direction of the Farm Bureau.

"Many local farmers have shown enthusiasm about entering exhibits this year and we expect the agricultural department of the fair to far exceed anything ever before seen," Johnson said.

IRVINGTON SCORES DUSTY 16-15 WIN OVER CITY CLUB

A nine-inning affair that bore little resemblance to a baseball game and featured more walks than a Scout troop outing was staged at the Centerville high school diamond last Sunday afternoon between the Irvington Merchants ball club and the Ransome Company club of San Francisco.

A total of 23 free bases on balls was given up by the hurlers of the two clubs, Irvington granting 11 and the San Francisco club allowing 12.

Things were fairly normal until the close of the second inning, when Manager Frank Mayer's Irvington lads pushed 10 runs across the plate on but five hits and one error. From then on both teams endeavored to outdo each other by giving life to each batter via the walk routine.

The two clubs went into the ninth inning tied up at 13-13. The Frisco boys broke the tie with a two-run spurt but Irvington same back to push over three runs and end the affair.

PACIFIC STEELERS ADD 2 MORE WINS

The Pacific States Steelers continued to add pelts to their victory belt this week with wins over the San Jose Steel Company softball club and the Kimber Poultry Farm team.

Playing on the Castro Valley diamond last Friday evening, the local Steelers nosed out the San Jose club 6 to 4 with Lynch being the margin of victory for the locals, getting two home runs and a single in three times at bat.

The Steelers second victory was a high score 16 to 12 game over another local team, the Kimbers, also played on the Castro Valley diamond.

Manager Harry Avilla is enthusiastic over the fine early-season showing of the club and expressed belief this week that they will develop into one of the most powerful teams of the area.

SOFTBALL LEAGUE PLAY WILL OPEN HERE ON JUNE 5

Serving as officials of the softball league this year will be: Pete Nunes, president; Matt Whitfield, vice-president; Vernon Rose, secretary; Joe Machado Jr., treasurer; and Arthur Belshaw, board member. Irving Hird, coach at the high school, will serve as coordinator between the school and the league.

The second round of play will get underway the following evening, June 29, but play will be suspended after the June 30 games for a two weeks' rest. Play will be resumed on July 17 and continue through August 2.

This season, for the first time since the league has been in operation here, all games will be played under the official softball rules and all protests will be filed with an arbitrary board in San Jose.

Each of the teams will have an opportunity to work out under the lights prior to the opening of the official season. Coach Hird announced a schedule this week for workouts and left it up to each team to provide their own opposition.

The meet will be conducted under the supervision of Harold Schoenfield, supervisor of health and physical education for the Alameda County School department, the coaching staff at Washington High and the principals of the township's elementary schools.

The meet is scheduled for 2 p.m. and is open to seventh and eighth graders of schools in Washington Township, Eden Township, Amador and Livermore Valley. The youngsters will compete in two divisions, the lightweights and the unlimited.

ORROCHI SETS NEW SPRINT RECORD

Little Joey Orrochi, Washington Union High School junior, will go to the U. C. stadium this Saturday to compete in the North Coast Sectional track and field meet, the first athlete to carry the Orange and Black of Washington into the finals.

The young athlete, who competes in the Class B division, won the District 2 preliminary meet at Hollister in the two dash events last Friday night. Thinking Things Over :::

By VIVIAN BATMAN

I think perhaps the popular song, "Enjoy Yourself, It's Later Than You Think," has done more to make people travel-minded than any other thing. Several people to whom I have talked have said, "I'm going to take a trip this summer. I've put it off long enough."

The air-lines, the steamship lines, and the travel agencies ought to give the composer of the song a nice big cut from their profits this summer.

A SMALL WORLD

It's time someone thought of another way to say, "It's a small world," but since nobody has, I'll have to use the time-worn cliche to tell about Mrs. Eleanor Enos, Niles school teacher, having received a letter from Fremont Ohio, from another Eleanor Enos!

The Ohio Eleanor Enos read an account of the Niles Eleanor Enos—and saw her picture—in her home-town paper. If you wonder how our own Eleanor Enos happened to have her picture in an Ohio paper, we can probably explain this by saying that it all came about because the Niles Township Register wrote a feature story, with pictures, about Mrs. Enos and one of her students in the fourth grade, a comely Chinese mother.

The story in the Register aroused considerable interest. So much interest, in fact, that the Associated Press also wrote a story, and took pictures. That explains the picture in the Ohio paper which was seen by the Ohio Eleanor Enos, who wrote to Mrs. Enos in Niles to find if there could possibly be a relationship between the two families.

THE SCENE CHANGES

Don't be surprised if one of the popular dining spots in the township will soon be—now hold your breath!—the Wesley Hotel in Niles.

The new manager, Mr. Nello, says, "I know it has a lot to live down. But I've changed a lot of things already. Soon I'll change the name of it. Once the townspeople realize they can get a good Italian dinner here, I think they'll forget the building's past which has been, I'll admit, rather—er—colorful."

I was curious. So I had lunch at the Wesley. You don't have to go through the bar, as there is a side entrance.

The dining-room was amazingly spic and span. The smiling Mrs. Nello showed us to a table and brought out a steaming bowl of soup, served family style. This was followed by spaghetti, which had an out-of-this-world sauce on it.

There's no doubt about it—the Nellos can cook! Mr. Nello said, "We don't fill our raviolis with just spinach and cottage cheese. We use meat, and plenty of it, along with cheese, and seasonings and all the other things that make raviolis good."

I hope the Nellos make good in their Italian restaurant, just as I always wish the best for any new business starting in Niles. If food counts, they will. Eventually the townspeople will be drawn in to the dining-room. They'll find the food aromas irresistible!

DON'T MISS IT!

If you are a Rotarian, or know a Rotarian from whom you can borrow the monthly magazine called "The Rotarian," be sure to read an article in the June issue entitled "Blueprint for Happiness."

Everything you'll ever want to know about being happy is in this article. It's so worthwhile that it would surprise me not a bit to see it printed soon in the Readers' Digest, where everyone can have the opportunity of seeing it.

REZONING SOUGHT BY W. P. IN DECOTO

Western Pacific officials filed a request Tuesday with the Alameda County Planning Commission asking that a parcel of land near Decoto be rezoned for heavy industry in order that it might become the possible site of a new manufacturing plant.

The land involved includes 150 acres, of which approximately 50 acres is already zoned for heavy industry, and is bounded by the Western Pacific tracks and Whipple Road.

Spokesmen for the railroad told the commission that they were acting for a proposed developer, a large manufacturing firm.

Yet Peter Pan's HIDDEN TREASURE is just *you* — no fear of detection or embarrassment. Keeps its shape — and yours — washing after washing.

MISSION SAN JOSE NEWS

By LOIS BOTTENBERG

Lois Bottenberg

WELCOME NEWCOMERS

The new folks who have moved into one of the Whiteside—should I say apartments — where Mike Sullivan used to live, just barely got settled down when old Doc Stork paid them a visit and left a 10 pound, two ounce boy at their house. Their name is Moore and they have another child, a little girl. We do not know the baby's name but he sure is a native Missionite. His daddy is a just recently discharged vet, leaving the army as a sergeant. Welcome little newcomer, and your folks.

IN EL CERRITO

Mr. and Mrs. Glenn Bottenberg spent Sunday in El Cerrito with Bud and Colleen Justus and the kiddies for a lovely Mother's Day dinner.

AND NOW THEY ARE WED

Last week I'm afraid something happened to one of my articles. Either I crumpled it and threw it in the basket or it got misplaced somewhere. Anyway this is how it was. Miss Betty Bramwell, who on Saturday was supposed to become the bride of Mr. Eddie Santos, was called to Norwalk, near Los Angeles, because of an accident in which her brother was seriously hurt. She dashed off on Wednesday while the intended bridegroom paced the floor for two full days and on Friday she returned. Betty and Eddie, accompanied by his sister, Mary Edith Santos, and Jackie Scott, motored to Reno where they became a twosome. Then back home so Ed could get back to work. On Saturday evening at the school several members of his family were hostesses to a reception for the newlyweds. A large group gathered to enjoy an evening of dancing and fun. They received many very lovely gifts. They are at home to their friends at 540 Bryant Street in their cute and cozy cottage.

NEW CAR OWNER

Mr. and Mrs. Ed Chambers are the proud possessors of a new car, but of course it had to be christened the first thing. While parked in Irvington three days after they got it, a motorcycle and rider collided with it and first off repairs had to be done. Tough luck.

CONVALESCING

Mrs. Lena Solon is home from a minor surgery operation and while she is convalescing her daughter-in-law, Mrs. Phillis Solon of San Francisco, and daughter Holly are holding down the fort for Grandad Cy.

BAD LUCK

Mrs. Hannah Rose, who some time ago fell while at work, is again laid up because of the same accident, which is causing her great pain. She is at the home of her daughter, Mrs. Myrtle Buck in Hayward.

THEIR SECOND

Little Stanley Henrick Gabaro arrived at the San Jose Hospital on May 10 and is now home at the Huddleson Ranch with his mommie and daddy, Stanley Sr. He is their second child. They are employees at the ranch, being D. P.'s from Poland.

TO MINNEAPOLIS

Friends of Mrs. Edna Peterson, the former Edna Darrow of the Mission, now making her home in Campbell, will be sorry to learn that she was called to Minneapolis, Minn., to the bedside of her father, who is very ill. She went by plane.

AT EL CERRITO

Mr. and Mrs. Bill Jibson of Niles spent Saturday in El Cerrito with daughter and son-in-law, Harley (Bud) Justus and the children. They attended the races at Golden Gate Fields in the afternoon. They are former Missionites.

POT-LUCK

The cast of the Naughty 90's Revue has been treated to another very nice party in the form of a pot-luck given by the Mothers' Club of the Mission, last Friday evening at the school. There were over 80 folks and youngsters present and the big thrill of the evening was when the boys and girls imitated their elders and gave a miniature production of "The Smell of the Yukon," and the strip tease which had been a part of the revue in April. Talk about rolling in the aisles. The kids had the old folks beat to a frazzle, and unless I miss my guess we will turn out some very classy or comical actors in the years to come.

CHANGE IN PLANS

Monday morning who should walk into the post office but Robert Lofton. We were surprised no end for he was supposed to be in the Navy in San Diego. But Uncle found something wrong with his tummy and gave him an honorable medical discharge, but is sending him to Utah to a supply base to take up radio or commissary work as a civilian employee.

AN OPERATION

Little Marvin Reis is resting easy after an operation on his nose. His mother, Mrs. Joe Reis, and Mrs. Eddie Santos accompanied him to the hospital.

MOTHER'S DAY DINNER

Mrs. Elsie Wilcox and Mr. and Mrs. Daniel Cross and family motored to Redwood City Sunday for Mother's Day dinner at the home of another son, Mr. and Mrs. Floyd H. Cross and family. And another thing, Grandmother Wilcox got a beautiful large bouquet of roses, snapdragons and other flowers from her very good friend, Mrs. Marie McIvor on Friday and asked that I write about it in the Register.

PARTYING

Mrs. Janie McGowan was hostess at a party here at her home on Vallejo Street Tuesday morning with a nice group in to enjoy themselves.

TO LOOMIS

Mr. and Mrs. Ed Chambers motored to Loomis on Thursday, taking daughter Beverly along. She will remain with her grandmother, Mrs. Tom Chambers, while grandfather Chambers goes east to see his elderly father who is not too well.

ILL AT HOME

Donnie Meyers has been confined to his home for a few days with strepp throat. Seems others have it too, as Miss Myrna Cross has missed a number of days of school this past week because of it.

A PARTY

The regular party goers had another get-together at the home of Hortense Cunha where a demonstration showed products and the evening was soon over, with apple pie, cheese and coffee as refreshments. Those present were: Ella Andrade, Hortense Andrade, Mrs. Venera, Betty Andrade, Shirley Cunha, Beverly Medeiros, Grace Vieth, Jo Chambers, Lois Bottenberg, Mrs. Dutra and Margaret Phillis, her daughter, Sharon, and the hostess.

MRS. GASTELUM IS RE-ELECTED

For the third successive year Mrs. Mary Gastelum of Newark was elected president of the Druid Victory Circle of Centerville. Installation took place last Tuesday at Hansen Hall.

Other officers are as follows: first bard, Mrs. Claudia Mello; second bard, Mrs. Caroline Brown; financial secretary, Mrs. Adeline Santos; recording secretary, Mrs. Elsie Madruga; treasurer, Mrs. Ida Rogers; inside sentinel, Mrs. Lucille Lewis; outside sentinel, Mrs. Ann Castro; supporters, Mrs. Jane Dias, Mrs. Mary Texera, Mrs. Elsie Silveira, and Mrs. Louise Perry; past president, Mrs. Emma Dias; chaplain, Manuel Bernardo.

REBEKAH NEWS

The regular meeting of Silver Star Rebekah Lodge No. 336, I.O. O.F. will be held tonight (Friday) at 8 o'clock, at Odd Fellows Hall, Irvington, according to Irene Bales, noble grand.

Mrs. Ivy Cull, Mrs. Olive Pugmire, Mrs. Fern Mitte and Mrs. Anna Bradford, members of Silver Star, returned home Saturday evening from Long Beach where they attended the sessions of the Rebekah Assembly.

Mrs. Anna Bradford and Mrs. Fern Mitte attended the luncheon and business meeting of the Past Deputies Association of Alameda County in Oakland Tuesday.

READERS WRITE US

The Editor, Sir:

I wish to thank you for the excellent publicity you continue to give the Washington Township Chamber of Commerce activities. I notice in the issue of May 12 you give front page prominence to at least three projects of interest to the Washington Township Chamber of Commerce.

I can only say that our efforts would be at least 50 per cent reduced in strength, if we did not have in our Township a free, enlightened and progressive press, bringing before tens of thousands of people in this area the needs of our citizens, making vocal the demands of our industries for fair competitive conditions as compared with those of adjacent communities, such as Oakland and San Jose. It is, indeed, a scandalous injustice that our manufacturers should have to pay $8.79 per hundred to ship east by truck while Oakland and San Jose shippers enjoy a rate of $4.19 per hundred, a discrepancy and discrimination of $4.60. How can our manufacturers exist and continue to grow against such odds? Much depends upon the healthy state of our manufacturers in this Township. Without them and their prosperity we need not build homes. The payroll keeps the home a running concern.

More power to the Township Register for its efforts to further the interests of our several communities, to indicate to them that community feeling in these matters is essential to our well-being! Thanking you for your powerful help, I remain, yours sincerely,

HAROLD J. SPEETZEN
Executive Secretary
Township Chamber of Commerce.

NEWARK GROUP PLANS MOTHER-DAUGHTER TEA

A mother-and-daughter tea is being planned by the Women's Society of the Newark Presbyteran Church. The date has been set for Tuesday, May 30.

Those in charge are Mmes. Franklin Brown, John Smyrl, and Robert Lloyd.

POPPY SALE WILL AID VETERANS

How disabled veterans of both world wars are aided by Poppy Day contributions was described this week by Mrs. Stella Benbow, rehabilitation chairman of Washington Township Unit of the American Legion Auxiliary, as the Auxiliary continued preparations for the observance of Poppy Day here on Saturday, May 27.

"The dimes, quarters and dollars which people contribute in exchange for their memorial poppies form the backbone of the financial support for the extensive activities carried out constantly by the Auxiliary for the welfare of the disabled veterans," Mrs. Benbow said. "If it were not for the generosity of the millions of people who wear the little red poppy each year in memory of the war dead, the many services of the Auxiliary to the living victims of the two wars could not be carried out.

Mrs. Benbow will distribute poppies on Poppy Day with other Auxiliary members and volunteers from other organizations.

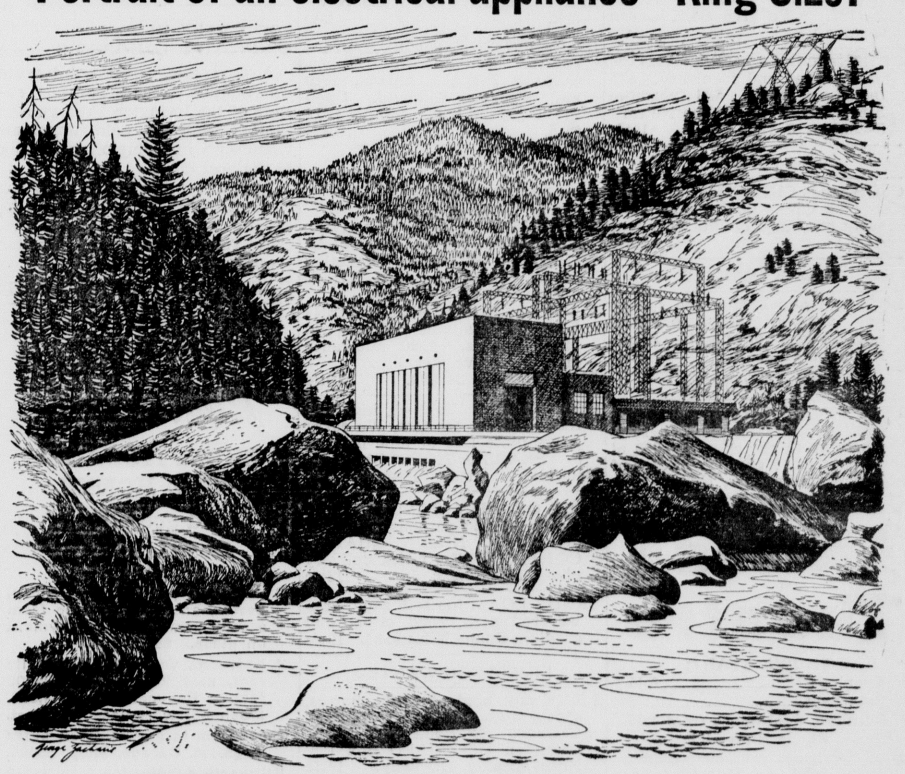
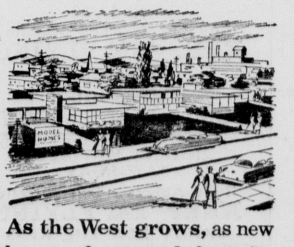
Portrait of an electrical appliance—King Size!



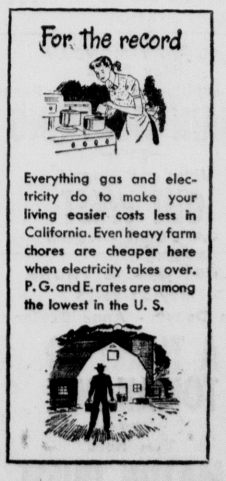
New Rock Creek hydroelectric plant, on Feather River!

This is just as much an electrical appliance as your toaster. We plugged it into the Feather River just two months ago. Instead of making toast, this modern hydroelectric plant keeps busy turning out 169,000 horsepower. That's enough to run all the toasters, and everything else powered by electricity, in the combined cities of Berkeley, San Jose, San Leandro, Fresno and Redding!

This is the 7th giant electric power plant built by P. G. & E. since V-J Day—to bring you vastly increased power—1,156,400 horsepower of new installed capacity—to help you run your household, do your chores.



As the West grows, as new homes, farms and factories come to Northern California, P. G. and E.'s resources grow, too. By next summer, for example, we will have an additional 670,000 horsepower ready to go to work.



For the record
Everything gas and electricity do to make your living easier costs less in California. Even heavy farm chores are cheaper here when electricity takes over. P. G. and E. rates are among the lowest in the U. S.

P. G. and E. service does so much . . . costs so little

MRS. GUARDANAPO TAKES LEAD IN CASH CONTEST

Mrs. Pearl Guardanapo, an Irvington contestant in the Township Register's $1,000 Circulation Club Contest, this week took the lead in the field of ten candidates.

Mrs. Thomas Robbins, Niles, last week's leader, is a close second, followed by Betty Jo Krueger, Irvington, third; Margaret Cole, Niles, fourth, and Mrs. Charlotte May, Newark, fifth. Rinaldo Caminada, Decoto, and Mrs. Hallie Stollenwerk, Centerville, are still among the leaders. Mrs. Ann Whittredge and Miss Barbara Talley, both of Niles, are gaining each week, according to Miss Oma Perry, contest manager.

Miss Perry has announced that the largest remaining extra bonus votes will be awarded this week, in the contest which will close two weeks from today.

"Just who will win the $500 first prize is up to the club members and their friends during the next two weeks," Miss Perry said.

Contestants will also share in cash prizes of $200, $150, $100 and $50. In addition, all contestants not winning one of the five awards will be paid commissions for the subscriptions turned in.

This week's offer is for 100,000 extra bonus votes for the club members who turn in the largest number of subscriptions from any one town in Washington Township. Bonus votes of 75,000 will be awarded the second highest and 50,000 to the candidates who secure the third largest number of subscriptions in each town.

A club member may get only one extra bonus ballot, but if any members tie they will receive a ballot of the same amount of votes.

An Oakland firm was awarded the contract Tuesday by the Alameda County Board of Supervisors for the construction of a new bridge on Whipple Road near Decoto.

Construction is expected to get underway within 10 days, according to Supervisor Chester Stanley, and the bridge is to be completed within 90 days.

AMERICAN DAY PROGRAM HONORS NEW CITIZENS

A group of five new American citizens who prepared for their citizenship examinations at Washington Evening High School was honored Tuesday evening at an "I Am An American" Day program.

"Your most important duty as new citizens of the United States of America is to vote," they were told by Judge E. A. Quaresma, who delivered the address of welcome. "You should participate in local affairs and cooperate with law-enforcement officers.

"It is your duty to let your elected representatives in our state and national legislatures know your opinions on important legislation. Write to them."

Judge Quaresma concluded with the statement that the new citizen could help in the cause of international understanding by writing to their friends in the countries from which they came, telling them what America means.

A. E. Alameda, president of the board of trustees of Washington Union High School, served as master of ceremonies of the program, which included musical and dancing numbers. Preceding Judge Quaresma's address, County School Superintendent Vaughn Seidel and Assemblyman Francis Dunn spoke briefly.

The new citizens, students of the citizenship class conducted by Jud Taylor, are: Mrs. Luigina Accinelli, Newark, a native of Italy; J. C. Bertelsen, Newark, native of Denmark; Mrs. Rose Enciso, Newark, native of Mexico ;Mrs. Theresa Luiz, Centerville, native of Germany, and Marcelino Mosquito, a native of the Philippines.

NEWARK REQUESTS TRAFFIC, PARKING AID FROM COUNTY

County assistance in parking and traffic problems was sought this week by the Newark Chamber of Commerce.

The Chamber, at its meeting Tuesday evening, instructed Secretary Howard Buschke to write the Alameda County Board of Supervisors requesting that pedestrian crosswalks be painted on Thornton Avenue at Sycamore Street, Mulberry Street and in front of the Presbyterian Church. It also requested that diagonal parking lanes be painted in the business district.

ASK FOR TRAFFIC OFFICER

A letter has also been sent to Sheriff Jack Gleason asking that he assign a deputy to control traffic at the intersection of Thornton Avenue and Sycamore Street each week day between 3:45 and 4:45 when the industries close down for the day.

President Edward Bimemiller named a committee to meet with the Alameda County Water District to request additional fire hydrants on Thornton Avenue to serve the homes in the northeast section of the community. Named to meet with the water district were Frank Veit, Joseph Pashote, A. W. Cotton, Paul Gygax, Chester Gunn, Ray Truscott and Ray Alberts.

Mrs. Paul Focht and Mrs. John Stocking will be co-hostesses at the regular Wednesday meeting of the Guild of the Niles Congregational Church.
